

## Personal Report

<b>Name:</b>	Eric Wilson
<b>Project:</b>	Web Development Project 1

**Write down each group member's contributions in the project, including yourself:**

Team Member	Contributions
Eric Wilson	1. Basic layout of page 2. CSS and HTML templates for grid and list displays 3. JS for switching view 4. A good portion of the HTML
Michael Warnock	1. Search box functionality scripting and styling 2. Sorting functionality and JS 3. A good portion of the HTML

**Write down what you learned:**

1. A whole lot about CSS and JS
2. HTML templates are our friends
3. Web development is harder than I thought.
4. The importance of good git workflow in teams.
5. Fixing catastrophic git merge conflicts.

**Feedback about the project (comments, suggestions for improvement, etc.)**

1. Project was just fine. I had a lot of fun.
2. If I had to pick one thing, it would be to update the movies or make them something more universally loved.
3. I like this class.
